

CRYSTORAMA LIGHTING

ASSEMBLY INSTRUCTION MODEL #BGT-331-SG-GR

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 2-Candelabra Base Bulb
40 Watts Recommended 60 Watts Max.

USE LED BULBS FOR EXTENDED USE

THIS FIXTURE IS DAMP RATED

How to install:

1. Place the frame on the foam block used for packaging. Ensure the foam block is covered with the pearl wrap to prevent the frame from being scratched during the installation of the glass leaves. See the illustration on the next page.
2. Install the backplate onto the mounting plate and secure it with the three side screws.
3. Starting from the center of the frame, assemble the glass leaves onto the frame using the screwdriver following the stickers on the frame. It is strongly recommended to remove one sticker at a time and install the corresponding glass leaf before removing the next sticker. Do not remove all the stickers at once. Do not overtighten the screws, as this may cause the glass to crack or break.
4. Insert recommended bulb(not included).

WARNING: This product can expose you to Lead, which is known to the State of California to cause cancer and/or birth defects or reproductive harm. For more information go to www.P65Warnings.ca.gov.

GLASS LEAVES A=16PCS

GLASS LEAVES B=5PCS

(Noted: 2pcs glass leaves A have already been assembled onto the lamp body.)
